

CUSTOMER SUCCESS STORY

BIG4 MORNINGTON PENINSULA HOLIDAY PARK, FRANKSTON, VICTORIA

Bold Blue's for BIG4 Mornington

Having had the business owner of Grassports Bernard Evans help build the court back in the 70's and knowing the quality of our workmanship from other dealings with the Mt Martha tennis community. BIG4 Holiday Park did not have to look any further than Grassports to undertake the project to resurface the old court.

The original court was outdated and BIG4 Holiday Park wanted to offer a multi-sport court to cater to the guests interests. Grassports replaced the fencing and re-surfaced the court to include lines for basketball and tennis in Court Turf PE a 100% Australian made synthetic grass.

The client is very happy with the results and are excited to have their guests enjoy the court each time they visit.

Fun environments for active people!
