

# CUSTOMER SUCCESS STORY

BEACONHILLS COLLEGE, PAKENHAM CAMPUS, VICTORIA

## **Beaconhills College (Pakenham) gets a new hockey pitch!**

Grassports was chosen to undertake the resurfacing project because we had the most experience and internally skilled team to complete the project.

We used **100% Australian made Poligras H2OZ Cool Plus** synthetic turf to complete the hockey pitch, which included lines for 10 x tennis courts and an added area with 2 x basketball D's and 3-point lines. We also installed new fold out basketball towers to the Eastern end of the field. Finally, we incorporated the school logo and name on the pitch for a WOW finish!

Beaconhills College staff and students are thrilled with their new pitch. We look forward to keeping in touch with the College as we will be managing the maintenance of the pitch.

*"Grassports were an amazing company to deal with right from the start through to the finish. From the very beginning we felt we were dealing with a professional company. At the end of the project delivery, we were presented with site that was immaculately clean. They delivered the project on time and to budget, I have no hesitations in recommending them to any project"* Matt Davis – Property Manager Multi Campus
